An extremely rare Worcester junket dish

An extremely rare Worcester round junket dish, painted in underglaze blue with the Junket Dish Porters pattern, within lobed cartouches, on a crispy moulded ground, 9 3/4" diameter, circa 1758-60, workman's mark TF

Only one other dish of this form and pattern, formerly in the Zorensky Collection, is known. The quality of the moulding and painting of this dish, which has survived in mint condition, is exceptional
